IBC SOLAR South Africa (Pty) Ltd Expands Module Portfolio with Canadian Solar Partnership

Cape Town, January 31, 2024 – IBC SOLAR, a leading full-service provider of SOLAR energy solutions, announces an expansion of its product range through the addition of modules by Canadian Solar, a global leader in solar photovoltaic modules and solutions.

IBC SOLAR customers now have access to Canadian Solar's product lineup, specifically the Canadian Solar CS6W-580T module, known for its performance and efficiency. This high-performance photovoltaic module, designed with advanced technology, features a power output of 580 watts and incorporates innovative features for increased energy yield and durability.

The Canadian Solar CS6W-580T module adheres to the highest industry standards, making it a reliable choice for residential, commercial, and industrial applications. Its exceptional performance in various environmental conditions positions it as a key component in IBC SOLAR's mission to provide top-tier solutions for a cleaner and more sustainable energy future.

"We are pleased to expand our energy solutions portfolio through this collaboration with Canadian Solar. The introduction of the Canadian Solar CS6W-580T module aligns with our commitment to delivering advanced technologies and sustainable energy solutions. This collaboration is a step forward in our shared mission to contribute to a cleaner and more sustainable energy future," says Daniel Haitzler, Managing Director at IBC SOLAR.

Established in 2001, Canadian Solar has earned a global reputation for its excellence in solar innovation, aligning well with IBC SOLAR's dedication to providing advanced and sustainable energy solutions. In addition to manufacturing, Canadian Solar excels in solar project development, complementing IBC SOLAR's strategic vision for a comprehensive approach to clean energy solutions. The company is committed to providing high-quality, reliable, and innovative solar products that contribute to a sustainable future.

With the introduction of the Canadian Solar modules, IBC SOLAR South Africa continues its commitment to providing high-quality solar solutions that meet the evolving needs of customers across the region.
